

Excel/.NET Developer

COMPANY PROFILE:

NikSoft Systems Corporation is a recognized Information Technology solutions provider. Founded in 1998 and based in Reston, Virginia, NikSoft is a CMMI Level 3 Certified company with an established reputation for excellence and on-time delivery with a consistently high customer satisfaction rating from its Federal Government and private consulting contracts.

JOB DESCRIPTION:

NikSoft is searching for full-time **Excel/.Net Developers** to join our fast growing team of Information Technology professionals in New Carrollton, MD and Rosslyn, VA. The ideal candidates will provide software development support for our large Federal Client.

RESPONSIBILITIES:

- Work with other client and to assist in the design, build and deployment of the next FATCA release.
- Assist the design team in translating technical requirements to develop detailed infrastructure and application designs.
- Help to plan and execute the build phase
- Provide solutions, designs and solution architecture by creating solution diagrams
- Develop technical requirements that are traced to the existing program requirements structure
- Conduct sessions to confirm the features and user stories in the initial backlogs
- Functionally decompose the architecture to system elements, design the system elements, validate the system design, specify critical off-the-shelf hardware and software components for the system, and perform other system design related activities as necessary.
- Prepare for and conduct Logical Design and Physical Design Reviews
- Document the design in a System Design Description (SDD) document and conduct a Logical Design Review at the conclusion of Preliminary Design. The results of the Logical Design Review shall be placed under Configuration Management (CM) as the Allocated Baseline.
- Update the System Design Description (SDD) during Detailed Design, and conduct a Physical Design Review. The results of the Physical Design Review shall be placed under CM as the initial Product Baseline.

CITIZENSHIP

- US Citizenship or 3+ years legal permanent resident of the US required
- Must be willing to undergo an IRS Minimum Background Investigation

MINIMUM REQUIREMENTS:

- Experience with Excel, VBA, .Net Development
- Experience with Java
- Fluent in Visio and similar modeling software
- Familiarity with web services, SOAP protocol, REST protocol, managed file transfer, and user interface design
- Familiarity with Accenture Delivery Methods and Architectures (ADM, ADA) as well as general architecture and technology concepts and methods
- Previous experience in solution architecture, project management, and team leadership

BENEFITS:

NikSoft's competitive benefits program includes comprehensive medical and dental care, 401K, paid time off, flexible spending accounts, disability coverage, and other benefits that help provide financial protection for you and your family.

NikSoft is an Affirmative Action/Equal Opportunity Employer and supports diversity in the workplace. Applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age, disability, veteran status, marital status, or sexual orientation.
